## ELECTRONIC PRESS KIT

Theatrical Rock Singer | Songwriter | Producer | Author

### BIOGRAPHY

Born in Raceland, Louisiana and raised on Bayou Lafourche, Chuck Plaisance has spent over five decades crafting a unique fusion of rock, blues, and theatrical performance.

From singing in church choirs at age eleven to touring with rock bands at thirteen, Chuck's musical journey has taken him from the bayous of Louisiana to Hollywood's Sunset Strip, across Germany's festival stages, and into recording studios worldwide.

In 1986, Chuck moved to Los Angeles to attend the Musicians Institute, where he was soon hired as a vocal instructor — a position he held for nearly two decades. During this time, he performed alongside legends, produced albums, and pioneered 3D spatial sound recording technology.

Now based in Germany, Chuck continues to perform, record, and push the boundaries of what a theatrical rock show can be.
